RYAN WAMPLER, ASLA | PROFESSIONAL EXPERIENCE

Matthew Cunningham Landscape Design LLC, Stoneham, MA and Portland, ME

2014–present

Principal

Matthew Cunningham Landscape Design LLC is an internationally acclaimed, award-winning design firm dedicated to creating lush, contextual landscapes throughout the Northeast. Our unique understanding of what it means to live in seasonal New England drives our environmentally distinctive approach. Our patron-focused process is dedicated to creating and implementing meaningful, authentic design solutions that grow directly from the geometry and materiality of our clients' homes. Our plant-centric projects strengthen the connections between interior and exterior spaces, bridge indoor and outdoor lifestyles, and grasp the dynamic rhythms of everyday life.

Ryan has served as a project manager and design lead on many residential projects at varying scales, as well as a number of institutional and commercial project. He works to develop many of the firm's design and project management processes, and technological systems.

Reed Hilderbrand LLC, Cambridge, MA

2002–2006; 2008–2014

Associate | Designer

Served as project manager and lead designer on wide range of award-winning projects at large landscape architecture firm. Gained strong management and leadership skills, technical savvy, and strong organizational abilities. Developed relationships with wide range of collaborators; coordinated and observed construction practices for high-end residential and institutional clients throughout the United States. Developed new office systems for project management, office technology, and the office's materials and media libraries.

TBG Partners, Austin, TX

2000-2001

Intern

Served as an intern and entry-level designer for a multi-office large firm with work throughout Texas and the South. Executed all stages of design and design production for a wide range of projects from institutional to commercial to large luxury housing developments. Developed strong graphic and organizational skills as well as a strong knowledge base for Texas plant material.
